

## Lee Lichtenwalner Bio

My interest in Lower Macungie history can be traced back to my farm boy childhood watching the area begin the transformation from a rural to a suburban township.

A degree from the University of Maine in Forestry / Wildlife Management preceded a 15 year career as manager of a botanical gardens and nursery in Michigan.

A return to Lower Macungie in 1987 fortunately led to work primarily as Project / Contracts Manager for Lower Macungie. Those projects included moving the society's log house to its current location and renovating the former Brookside Country Club to the municipal office and recreation complex.

I've been married to my best friend for close to 50 years. We raised three sons and now relish our time with our 4 grandsons.

I'm very proud of my family and am committed to boring them with local and family history.

I'm currently retired and recovering from a donuts addiction.
